#### ALMOND ANNOUNCES RESIDENT FORUMS

Town Administrator T. Joseph Almond announces the first in a series of forums welcoming Town residents to discuss their concerns relating to Town government and to share their suggestions to improve services. Almond added, "We are holding these forums outside of normal Town Hall hours as a convenience to our residents."

Town Administrator T. Joseph Almond stated, "I look forward to the opportunity to meet with as many residents as possible to discuss the future of our Town. Part of my campaign commitment to the voters was to make my administration responsive and accessible to our residents. Similar forums have worked well at the State level and I'm excited to begin this local program."

Residents are invited to meet with the Administrator on Monday evening, March 12<sup>th</sup> and are requested to call Barbara Russo at 333-8419 to schedule a time for their meeting. Additional meetings will be held the first Monday evening of each month. All residents are welcome!

Almond concluded, "I'm excited by the prospect of hearing what is on the minds of the people who live in our Town."
