

TOWN OF LINCOLN RECIPIENT OF OUTSTANDING WORKSITE HEALTH AWARD

The Town of Lincoln has been selected as a recipient of the Outstanding Worksite Health award sponsored by the Greater Providence Chamber of Commerce and Blue Cross & Blue Shield of Rhode Island.

The Worksite Health Awards are designed to recognize those Rhode Island businesses and municipalities that are working to promote worksite wellness. With healthcare costs continuing to rise, offering health management solutions is rapidly becoming one of the most effective ways for companies to keep costs down and productivity up. It also helps to improve the quality of life for employees.

This past year, the Town offered work sessions in Self-care, Smart Choices, and Ask the Pharmacist, CPR/AED Training, and a Flu Shot Clinic. The Town employees also participated in several sponsored walks.

This award to the Town of Lincoln honors their support of prevention through written materials, seminars, programming, and a demonstrated commitment to education through committee development and policy change. Joanne McManus, Personnel Director for the Town, submitted the application on behalf of the Town. She states, "I want all our employees to realize ways to feel better about themselves in their work environment and personal lives. I am fortunate to work with this exceptional group of employees. I want them to know how much they are valued and will continue the Wellness programs for the Town.
