Re: Best Places to Live (Lincoln RI #60) by Money Magazine

Lincoln – Town Administrator T. Joseph Almond is proud to announce that Money Magazine has listed the Town of Lincoln, Rhode Island as being one of the best places to live in America. Of the top 100 communities chosen, Lincoln was rated 60th overall. The ratings were based on localities that offered the best combination of economic opportunity, safe streets, good schools, activities to do, and a true sense of community.

Almond states, “Having grown up in Lincoln, I have been fortunate to benefit from an excellent education, to have worked with dedicated public safety professionals, and to belong to a community that shares achievement and unites in adversity.” He added, “We are especially fortunate to enjoy and promote economic strength, provide fiscally responsible services, and preserve our rural character to reflect the best of New England’s charm”.

Almond affirmed, “This prestigious recognition would not have been possible without the foresight and experience of prior Town Administrations and Councilors, along with the many board and commission members that gave service to our community.” He elaborated, “I am confident that our current elected officials will endeavor to continue to enhance these wonderful characteristics.” Almond emphasizes, “This achievement and sense of community, is truly reflective of, and exemplified by, all who have made Lincoln their home. I encourage anyone who would like more information regarding this prestigious recognition to go to the Money Magazine article by clicking on the link available on the Town of Lincoln website at www.lincolnri.org.”
